

Product: SurfsUp

Team Name: The Kooks

Sprint Completion: 11/4/18

Revision 1.0

Sprint #2 Report

Actions to stop doing:

- Team should stop procrastinating on tasks until the end of the sprint, get started early.
- Team members should stop being late to team meetings.

Actions to start doing:

- Be more productive in team meetings
- Be more communicative

Actions to keep doing:

- The team should keep pushing features as they are completed, because this way everyone can see the website progress and deal with merge conflicts
- We should keep using pair programming because it makes things go faster and two minds can solve problems better than one.

Work completed/not completed:

- Completed:
 - Create a template for a user to enter a time window (2h)
 - Create a page where a user can request a surf recommendation on the same page as the time window (2hr)
 - Compile wave and weather API data (3hr)
 - Create a group page with group name, and see who is in your group and be able to click and see their profile (8hr)
 - Save the group in the database (3hr)
 - Display all available users to invite and have a button to add them (3 hr)
 - Send a notification to the users when they are invited (3 hr)
- Uncompleted:

- Compile list of surfs spots in database and assign an experience level to each (3hr)
- Combine API data with user skill to get a recommendation (6hr)
- Create a page with all invitations with buttons to accept or reject (2 hr)

Work completion rate:

- 4 user stories completed
- 24 ideal hours completed
- 14 total days
- 1.7 work hours/day
- 0.28 stories/day
