Product: SurfsUp
Team Name: The Kooks
Sprint Completion: 11/4/18
Revision 1.0

Sprint #2 Report

Actions to stop doing:
- Team should stop procrastinating on tasks until the end of the sprint, get started early.
- Team members should stop being late to team meetings.

Actions to start doing:
- Be more productive in team meetings
- Be more communicative

Actions to keep doing:
- The team should keep pushing features as they are completed, because this way everyone can see the website progress and deal with merge conflicts
- We should keep using pair programming because it makes things go faster and two minds can solve problems better than one.

Work completed/not completed:
- Completed:
    - (8) As a user, I want to be able to set a window when I want to surf, so the site knows when to recommend a time.
        - Create a template for a user to enter a time window (2h)
    - (6) As a group owner, I want to be able to create a group so that I can surf with others
        - Create a group page with group name, and see who is in your group and be able to click and see their profile (8hr)
        - Save the group in the database (3hr)
    - (4) As a group owner, I want to invite people to my group so that i'm not lonely

- - - ■ Display all available users to invite and have a button to add them (3 hr)
    - ■ Send a notification to the users when they are invited (3 hr)
- ● Uncompleted:
  - ○ (15) As a user, I want to be able to request a surf recommendation in the window, so I know when and where to surf.
    - ■ Create a page where a user can request a surf recommendation on the same page as the time window (2hr) (Completed)
    - ■ Compile wave and weather API data (3hr) (Completed)
    - ■ Compile list of surfs spots in database and assign an experience level to each (3hr) (Uncompleted)
    - ■ Combine API data with user skill to get a recommendation (6hr) (Uncompleted)
  - ○ (3) As a user, I want to be able to see my group invitations so I know who wants surf with me.
    - ■ Create a page with all invitations with buttons to accept or reject (2 hr) (Uncompleted)

Work completion rate:
- ● 4 user stories completed
- ● 24 ideal hours completed
- ● 14 total days
- ● 1.7 work hours/day
- ● 0.28 stories/day
